

CANTERBURY CITY COUNCIL

Refurbishment Project

Client: **Canterbury City Council**

Category: **Annual Servicing, Maintenance and Repairs to Domestic Central Heating Installations**

Date: **January 2013**

Plant room installation – Removal of old plant to client specification, Installation of pumps, boilers, pressurisation unit, new gas pipe and flue system, new control plant and commissioning checks.

Weekly Health and Safety inspections, weekly updates with the site warden on progress and on the closing of each week we communicated with the warden where we were up to – ensuring residents were not left without heat or hot water over the weekend

📄 **£165,000 Contract**

✂️ **2 Phase Project**

Project is ongoing
